BAD STOMACH
MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Eveline Louis, of 89 Walter Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your 'Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol
Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

Raiding Illicit Distillery.

Capt. Charles Gee, deputy collector of internal revenue, returned to Roanoke yesterday from the most successful raid on illicit distillery plants ever made in the moonshine districts of Virginia. He, with his assistants, succeeded in cutting up six distilleries, destroying many thousands of gallons of mash beer, and confiscating several hundred gallons of whisky. Four moonshiners were arrested and several made their escape.

The raid was on Runnett Bay and Shooting Creek, in Franklin county. The capture of William Nowlin and the destruction of his still, in particular, is gratifying to the officers. It was in connection with this plant that Jeff Nowlin and his little daughter were shot to death from ambush while riding horseback through the mountains about eighteen months ago. A short time prior to this five raiding revenue officers had their horses shot from under them. The still was one of large capacity, and had been in the possession of the Nowlin family over half a century. It was of English make with the old goose-neck stem.

Nowlin was captured along with a county officer who was at the distillery when the officers swooped down on them, and they were taken prisoners without a struggle. Nowlin was taken before Commissioner English and confessed. He was held under heavy bond for the United States Court at Danville. The other three men captured were Joel Akers, Lewis Hawley, and Amos Dillon.

Disappearance of Former Mayor.

Robert C. Davidson, former mayor of Baltimore, and until several months ago president of the Baltimore Trust and Guarantee Company, one of the wealthiest corporations in Maryland, has left the city. Simultaneous with his disappearance, Miss Louise B. Noyes, a young woman of about thirty years, a Johns Hopkins nurse, disappeared. This was not thought to be a coincidence, and the family do not so regard it.

Miss Noyes' family came Lyme, Conn., originally, but have been living in Port Deposit for many years. Mr. Davidson met her several years ago at Nantucket. They became very close friends, and when Miss Noyes returned to her home in Port Deposit, Md., Mr. Davidson became her devoted admirer. He made frequent trips to Port Deposit, and his wife says on his return his manner to her was cold and indifferent.

Recently the Noyes family sold out their home in Port Deposit, and it was stated that they had gone back to Connecticut. Some months ago, however, Miss Noyes took apartments at the Stafford and was frequently seen driving about the city in a smart drag, often with Mr. Davidson at her side.

Mrs. Davidson says that, before leaving, her husband had sold all his property and securities, netting him about $175,000 in cash, and she believes he has taken all with him. Before leaving he paid all his debts and her own, and she does not believe he intends to come back.

Presidential Specials.

General Passenger Agent Lynch, of the "Big Four" Road, threw some new light, in Chicago, on the question why railroads run a president's train. "The popular idea is," said he, "that the railroad desires to cater to the federal administration. As a matter of fact, the real reason is a buziness one. The railroads do not carry the President of the United States in a special train over the country for fun, for glory or for advertising purposes, because the Chief Executive may not be carried on a regular train, as it would handicap the general operation of the road and work a hardship on the the traveling public. "No regular train could possibly adhere to its schedule were the President on board. The fact that he was a passenger could not be kept secret, and at every station and crossroads there would be a crowd demanding to see and hear him make a speech. There would be a delay of 10 or 15 minutes at every station, and every other passenger on the train would be greatly inconvenienced—prevented from keeping business engagements at their destination, reaching the bedside of sick relatives or friends and being unable to fill appointments requiring them to be at a certain place at a certain time. The President's special train inconveniences no one, and the roads would rather go to the expense of running a special train free than subject the traveling public to the annoyances unavoidable if the President were carried on a regular train."

Wedding Customs.

One of the most interesting of the ceremonies at the wedding of the Crown Prince of Germany and the Grand Duchess Cecilia of Mecklenburg-Schwerin will be the distribution on the wedding day of the princess's garter. It is a quaint survival of olden times, when the ministers and ladies of the royal household enjoyed the privilege of escorting the couple to the bridal chamber. Now, this ceremony takes the form of a torchlight procession around the ballroom to the door where the pair make their exit. This procession will be headed by Chancellor von Buelow, and at the door strips of the same silk as the bride's garter, specially embroidered with the date of the wedding, will be distributed among the guests, to be treasured as mementoes.

Perfect Sleep

Women Who Are Free From Female Ills Sleep Soundly

Points to the Cause

How many women are troubled with insomnia! How few, alas, habitually sleep the night through and rise refreshed.

If you can't sleep it is because your nerves will not let your body rest. Women's nervous troubles come from female diseases. Their delicate organism is a network of intricate nerves. No woman can suffer from female irregularities without eventually ruining her nervous system. Get rid of female disease and the perfect sleep of childhood will return.

Lydia E. Pinkham's Vegetable Compound

cures all female troubles and restores nerve equilibrium and brings sound, restful, healthful, natural sleep. Thus does this wonderful remedy operate to bring health to suffering women.

Wakefulness and Nervousness Cured

Dear Mrs. Pinkham:—Last spring, I lost my appetite, had headaches, and bearing down pains with cramps so that I was in perfect misery. I became wakeful and extremely nervous.

I decided to try Lydia E. Pinkham's Vegetable Compound, and am pleased to state that I derived immediate benefit and soon enjoyed permanent relief.

Within eight weeks I was restored to normal health and felt refreshed and strengthened as though I had enjoyed a lengthy vacation.

Since that time I have recommended your Compound to a number of my lady friends suffering with female irregularities, and those who have used it report great benefit from its use. MRS. E. E. VAN DINTER.

965 College Ave., Appleton, Wis.
Vice-President Social Economic Club.

Lydia E. Pinkham's Vegetable Compound has cured more women of female diseases than any other medicine in the world. Mrs. Pinkham advises sick women free. She will write you a personal letter if you tell her about your case.

Address Mrs. Pinkham, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Cures Where Others Fail

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by Gibson & Timberman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervous tissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, MAY 24, 1905.

R. E. LEE CAMP of Confederate Veterans will appropriately observe Memorial Day this evening. The occasion is the anniversary of one of the most interesting and serious chapters in the history of Alexandria, and its proper observance is meet. Nearly two score and a half years have elapsed since the enactment of thrilling scenes on the spot where the silent soldier now stands with doffed hat and downcast eyes with his face turning toward his own Southland. The fate of war has been against him, and his attitude indicates that he submits to the inevitable. The lone soldier has occupied his pedestal for sixteen years, fanned by summer zephyrs and unmoved by lightning, thunder or borean blasts. The remnant of Alexandrians who identified themselves with the Southern Confederacy by taking up arms and endeavoring to perpetuate it, with many of this generation will assemble at this hallowed spot where reminiscences of by-gone days will be recalled and appropriate exercises held. Friday, May 24, 1861, was a notable day in the city's annals. There had been a midnight alarm; a hostile army was moving upon old Alexandria. There was but little time to bid adieux, and the members of the companies then quartered here assembled at the intersection of Prince and Washington streets and from which place they left for Manassas Junction, which was to be the rallying point. Four years elapsed before the survivors of that band reappeared at their homes. Numbers of them laid down their lives upon the altar of their country, but their names have been perpetuated on the base of the monument which marks the spot they left forty-four years ago today. The king of terrors has directed his bolts into the decimated ranks of the survivors during the years that have followed, and a large percentage of those who returned in 1865 have since paid the debt of nature There are many things in this day that appeal to the present generation, but the remembrance of the deeds of the fathers and grandfathers should be perpetuated after the original actors shall have passed from the stage of life, and it is hoped that as the anniversary recurrs increased interest will be shown.

ANOTHER blow has been dealt the steel trust's monopoly in the manufacture of armanent for the navy by the Midvale Steel Company, of Philadelphia. When bids for guns for the battleship New Hampshire and armored cruisers Montana and North Carolina were opened, Monday, at the Navy Department. it was found that the Midvale Company had underbid the Bethlehem Steel Company, the trust concern, by a total of $124,696. It is now probable that another bitter fight will ensue between the trust and its Philadelphia rival, similar to that which followed the Midvale's low bid for armor plate during the last session of Congress. It is presumed, however, that the Midvale people learned something of the trust's methods by its previous experience, and that it will profit thereby in its present fight, perhaps to the discomfiture of its powerful adversary.

REPRESENTATIVE TAWNEY told the President yesterday he could not conceive how the government could properly do what was prohibited to its citizens—that is, purchase articles in the cheapest markets of the world without paying tariff duties. It the government buy abroad, what difference does it make whether it pay itself a duty or not? On certain commodities the tariff law provides for free importation for the benefit of the government. But in the case of the Panama canal supplies, it is not necessary that the government should buy foreign articles; it is only necessary that it should insist on getting as low prices as are offered to foreigners. The Philadelphia Record asks: "Will Mr. Tawney object to that?"

DURING THE session in Allentown, Pa., yesterday of the General Synod of the Reformed Church, Rev. G. A. Schwedes, of Bethlehem, offered a resolution deploring the prevalence of card playing, dancing and theatergoing among Christians, and urging the pulpit, the Sunday schools and the young people's societies to teach against it, but he withdrew the resolution on request, after a brief discussion. Attempts similar to the above are often made by ministers to stem the tide of worldliness which is gradually encroaching upon the church, but their efforts are far from being successful.

SO CONCLUSIVE are said to be the reports sent to the Department of Commerce and Labor, and referred by the department to the President, in showing that foreign governments have acted in collusion with steamship companies in sending undesirable immigrants to this country, that not only is it probable the State Department will take action through diplomatic channels, but it is thought the President will ask Congress for legislation restricting immigration and imposing such penalities for violation of the immigration law as to immediately correct existing evils.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., May 24.

At this morning's session of the trial of W. G. Crawford, who was jointly indicted with August W. Machen, former superintendent of rural free delivery, now serving sentence in Moundsville penitentiary, and George E. Lorenz for conspiracy to defraud the United States under section 5440 of the revised statutes in connection with the purchase of letter carrier satchels and straps, postoffice inspectors and clerks were called for the purpose of identifying certain papers, seals and other departmental routine matter that bears on the case. Mr. Worthington, lawyer for the defense, insisted on seeing everything that was included in evidence, but to all exhibits introduced this morning no objection was made. Several papers were introduced by the prosecution. Mr. Worthington said there was no objection and did not see the necessity of wasting valuable time. The District Attorney Morgan H. Beach in replying testily said: "This is a case of Greek meeting Greek and we propose to prove everything that is to be included as evidence." George E. Lorenz this morning was in the room occupied by government witnesses. This seems to be in line with rumors that Lorenz will receive immunity for turning government witness.

The first meeting of the International Waterways Commission will be held tomorrow in the offices of Gen. Ernest, the chairman of the United States delegation provided all the members can get here on time. While the work of the commission includes the consideration of all questions relating to the navigation of the Great Lakes system and the waters contributary thereto, the principal problem before them is the question of the maintenance of the water levels in Lake Erie and the advisability of increasing the depth of that lake through the construction of works at its outlet into Niagara river.

Of far-reaching effect to the naval service is an opinion given today by Attorney General Moody in which he holds that the practice of the Navy Department in making promotions under the navy personnel act of 1899 has been erroneous. The decision will cause an immediate and large flow of promotions among officers and will give many captains now on the active list the privilege of applying for retirement with the rank of commodore and the pay of a rear-admiral, as would have been the case prior to the passage of the personnel act. It is expected that these captains will take advantage of the decision and that there will, consequently, be a large number of officers below the rank of captain promoted to the higher grades.

Norman Hutchinson, charge d'affaires of the United States at Caracas, has cabled to the State Department confirming the press dispatches to the effect that the federal high court of Venezuela has rendered a decision annulling the charter of the New York and Bermudez Asphalt Co., on the ground that the company has failed to carry out the terms of its contract. He also says that the court has appointed experts to assess damages. An appeal has been taken by the company.

Henry P. Reid has been appointed postmaster at Bloomfield, Loudoun county, Va.

The Isthmian Canal Commission today received by cable from Col. Gorgas, acting governor of the canal zone, what is considered very gratifying information about yellow fever conditions on the isthmus. Col. Gorgas today cabled as follows: "Convinced yellow fever (administration) building of Ancon entirely checked. Last case taken the 12th; no case on the isthmus today."

Senator Kean, of New Jersey, called at the White House this morning to say good by to the President before he left for his home, and to urge the Executive to abandon his plan of calling an extra session this fall. "I told the President that there was really no necessity of calling Congress together before December," said the Senator, "but I'm sorry to say that he did not agree with me. I have an idea that he will call it in November."

The Kenilworth Poolroom.

Judge Merrick, of Prince George county, Md., has written the Citizens' Association of Kenilworth regarding the war against gambling in that vicinity. The judge explained that in matters where a special session of the court is desired it is the duty of the State's attorney to make the application. He also said it is for the attorney to have the facts in his possession, and for him to be reasonably certain the grand jury will indict and the petit jury convict. In conclusion the judge suggested that the citizens should go ahead with their fight and get as much testimony as possible.

Another effort is now to be made to interest Governor Warfield in the matter. Attorney General Bryan is also to be appealed to for legal information. It has been the desire of the citizens to have the Kenilworth poolroom raided, but county officers have not been found who would take such action. Some of them say they are bonded officers and fear civil suits.

Additional warrants were issued yesterday for alleged gamblers at Kenilworth.

Many Change Faith.

Since the promulgation of the Emperor's ukase concerning liberty of worship and abolishing the religious disabilities of the Roman Catholic and other Christian communities 26,000 persons are reported to have left the Russian Church for the Roman Church in the governments of Siedloe and Lublin, Poland. In one village of 680 inhabitants 678 have changed their faith. The authorities of the Russian Church are taking stringent measures to prevent these desertions. One order in the Russian Church, called the Brotherhood of the Holy Virgin, has issued a violent manifesto bitterly inveighing against Poles and Roman Catholics.

Bishop Attacked by Anarchist.

While the bishop of Reggio-Emilia was on his way to the church of Mandrio in Milan dressed in his pontificals yesterday he was attacked by an anarchist, who was arrested. The anarchist sacrilegiously seized the bishop's pastoral staff and severely beat him with it. The police rescued the man from a crowd, which had come to the bishop's assistance, and placed him in jail.

Today's Telegraphic News

War in the East.

Tokio, May 24. An official report from the field headquarters received today says: "A Russian battalion of infantry and six squadrons of cavalry at 2 p. m. on Sunday, attacked the heights north of Chenyangpao, ten miles north of Wesyuanpaomen, but were repulsed. Another Russian force composed of a battalion of infantry and two or three squadrons of cavalry on Monday morning advanced along the Kirin-Taolu road toward Chienchentzu, and one company of infantry appeared on a height west of the village. Both were driven off. The Russian cavalry on the right bank of the Liao river on Monday morning commenced a retreat and at 5 o'clock in the afternoon the enemy had reached a point south of Talun, which is seventeen miles west of Fakumen. Except for small collisions there is no change in the situation."

Gunchuling, (108 miles north of Tieling), Manchuria, May 24.—The situation here is very tense, and there is the greatest expectation that a battle on a large scale will be precipitated in the very near future. Both commanders are keeping a close watch on every movement of the enemy's forces, but Field Marshal Oyama, who is relied on to take the offensive, has made no decisive move. A bold reconnaissance was made by General Rennenkampff's troops at the loss of several hundred men in killed and wounded.

St. Petersburg, May 24.—A dispatch from General Linievitch says that on May 21, a Russian detachment approached Chantufu. After a spirited fight, the Japanese were dislodged from their entrenchments on the north side of the station.

London, May 24.—No confirmation has been received here or the reports that Vladivostok has been cut off by the Japanese, and that the railroad has been cut, as telegraphed by the Tokio correspondent of the Daily Telegraph. Reports from St. Petersburg show that the rumor was news to the Russian authorities, as well.

Philadelphia's Municipal Troubles.

Philadelphia, May 24. — Developments in the big municipal shakeup following the gas lease dispute which had its beginning yesterday in the summary dismissal of David Smyth and Peter Costello from the directorships of public safety and public works after they had declined to tender the mayor other than qualified resignation followed fast on the heels of one another this morning. The deposed director of public safety has been granted an injunction against his successor, while the city solicitor has taken umbrage at the mayor in employing additional counsel. A rumor is current to the effect that Thomas Dolan, president of the United Gas Improvement Company, may issue a statement declining to accept the gas lease as amended and thus relieve the situation of the principal cause of dispute.

The restraining writs were served upon the Mayor and Directors at 12:40, and the two latter immediately ceased their efforts to conduct the business of the offices. They admitted, as did the Mayor, that not only had their hands been effectively tied until Monday, and that the entire business of the city was halted for the same length of time.

Acting under advice of counsel the deposed directors, Smyth and Costello, will this afternoon return to the offices which they vacated yesterday and will seek to resume duties, holding that under the city charter they remain in office until their successors qualify by confirmation of councils. This confirmation will not be granted and another legal test point will thus be raised.

Ohio Republicans.

Columbus, O., May 24.—The Ohio republican convention opened here today. It is the largest gathering of the kind in the history of the State. Secretary of War Taft has been selected chairman of the convention, with which goes the sounding of the keynote. Governor Herrick, United States Senator Dick and leader George B. Cox, long since picked the ticket and practically made the platform before the delegates got here. The platform and slate will be adopted tomorrow. The platform will praise the President and stand by his administrative acts; will adhere to protective tariff, and make no declaration for revision; no specific utterance on Panama, and will stand stout for the State administration of Governor Herrick. Governor Myron T. Herrick, will be renominated.

A significant thing about the convention is the absence of Senator Foraker and Congressman Grosvenor. Foraker sent word that he was too busy to come and for the first time in years Grosvenor was left off his home delegation from Athens county. Grosvenor some time ago said Foraker would be the logical candidate of Ohio for the presidency.

Japanese Strikers.

Honolulu, May 24.—A message received today from Ladama island by wireless telegraph, says the trouble with the striking Japanese plantation laborers has become more serious. Additional troops from Honolulu will probably be needed. Twenty-three hundred Japanese have weapons enough to make them dangerous opponents to small companies of soldiers and the forty or fifty policemen on the island in the event of a conflict. The Japanese repudiated their agreement to return to work. Latest advices are that officers in command of the militia sent there the other day are preparing to attack the Japanese camp.

Rioting in Spain.

Madrid, May 24.—The trouble which occurred yesterday at Baracaldo in the province of Balbao, over the eviction of workmen from their homes, has not yet been settled. The rioters are still encamped in the streets where they threw the furniture from the houses in the neighborhood of the homes from which the laborers were evicted, and the tramways are unable to run. The greatest excitement prevails. The whole of Bilbao province has been declared to be in a state of siege.

Plague in India

Lahore, India, May 24.—The plague which has been responsible for so many deaths in India, has broken out at Rawil-Pinde, where is located the largest and most important military camp in India. The plague has not yet appeared in violent form, and the authorities are taking the greatest precautions to prevent its spread and stamp out the dread disease. Fears are entertained however, that a serious epidemic may follow.

Conditions Unchanged.

Chicago, May 24.—Chicago employers settled down today to wage a relentless war on the striking teamsters, all peace overtures having failed to result satisfactorily through the continued refusal of the railroad express companies to make any concessions whatever. Conference after conference held Tuesday and lasting far into the night brought the strike no nearer a settlement.

While the leaders parleyed followers quit and 471 lumber wagon drivers threw down their reins during the day. It is certain that 150 more lumber teamsters will strike today.

The strike threatens to paralize other lines of business. Twenty-five thousand workmen face the prospect of being forced to lay down their tools in idleness because of their inability to get material. The employers' teaming company announces that 300 non-union drivers are held in reserve for the lumber companies only.

Sheriff Barrett and Mayor Dunne fear that violence will break out in the lumber yard district as soon as a large number of non-union men appear on the wagons. The sheriff says: "There will be no call for troops by me unless the situation gets beyond control today. I have about 3,300 deputies sworn in. At least a hundred more will be sworn in today. Every means to preserve peace will be exhausted before the State is asked to take a hand."

Elevated to the Episcopacy.

Rochester, N. Y., May 24.—With all the pomp and ceremony of the Roman Catholic Church and in the most distinguished gathering of the clergy of that faith ever assembled within the walls of St. Patrick's Cathedral, Rev. Thomas F. Hickey, vicar general of the Rochester diocese, was this morning elevated to the episcopacy, being consecrated titular bishop of Berenice, Africa, and coadjutor bishop of the Rochester diocese. Archbishop Farley was the consecrating bishop. The ecclesiastical procession entered the cathedral just before ten o'clock to the singing of the processional hymn "Ecce Sacerdos." Upon arriving at the altar Bishops Bernard J. McQuaid, of the Rochester diocese, and Patrick U. Ludden, of Syracuse, presented Father Hickey to Archbishop Farley and asked that he be consecrated. The apostolic mandate making the appointment was read by Rev. E. J. Hanna, D. D., and the bishop's oath was taken by Father Hickey. The consecration ceremonies proper followed.

Death of William Ziegler.

Stamford, Conn., May 25.—William Ziegler, who is known throughout the world as the financial backer of Polar expeditions, but who, before his name became associated with those enterprises, had won extraordinary success in the world of business, died this morning at his home on Great Island, near Noroton. His condition had been such for several days that there was little or no hope of his recovery. Mr. Ziegler never completely recovered from the effects of the accident he received October 26, last, when, while driving over his estate with a few friends, his carriage upset. Mr. Ziegler was thrown with great force, striking the ground upon his head. This caused a lesion of the brain. Mr. Ziegler was 62 years old.

Bombthrowing in Poland.

London, May 24.—The correspondent of the Central News, at St. Petersburg, wires that a bomb throwing occurred at Seidlac, a town about fifty miles from Warsaw, at midnight, in which a master of police and a number of citizens were injured. The bomb-thrower waited for the police master on the veranda of a house until the officer approached on his return from a public entertainment. Twenty-four people were injured in the explosion, including the police master. Five of the victims are in a serious condition. The veranda from which the bomb was thrown was wrecked and windows in all the buildings in the vicinity were shattered.

Pennsylvania Democrats.

Harrisburg, Pa., May 24.—The work in the democratic State convention having been arranged last night the session today will probably be short. There is no contest for State treasurer and Mayor William H. Berry, of Chester, will be the nominee if he will accept. There is no doubt that John B. Head will be nominated for superior court judge. Early this morning the platform committee finished its work. The platform deals with State issues only.

Will Cruise Around the World.

Birmingham, Eng., May 24.—The Post says there is a firm belief in official circles that Prince Henry of Prussia, brother of the German Kaiser, will be sent on a cruise around the world at the head of a Prussian naval squadron in the late fall. He will be accompanied by Prince Eitel Fritz, the second son of the Kaiser. They will visit America on their tour.

Killed by Lightning.

London, May 24.—A dispatch to the Exchange Telegraph Company, from Lahor India, say that at Mandi, during a great thunder storm, lightning struck several of the temporary huts which had been erected by the victims of the recent earthquakes whose homes were destroyed. Twenty-three deaths have been reported.

Serious Railroad Accident.

Kharkoff, Russia, May 24.—A train from Kharkoff to Lidawaisla was wrecked this morning. Great loss of life is reported.

New York Stock Market.

New York, May 24, 11 a. m.—An advance of about ¼ point was made all through the list in the first hour, following the strong opening and the gains on the first sale. The room was full of points of another advance of Union Pacific, and Southern Pacific, and brokers often used by Harriman have taken large amounts of both stocks.

TELEGRAPHIC BREVITIES.

The report has been received at Algiers of an attack made on a party of Spaniards by a band of Moors in the mountains. One of the Spaniards was killed and another wounded.

Declaring that Philadelphia is the most rotten city in the world and that New York is a close second, Dr. Charles H. Parkhurst, accompanied by his wife, sailed from New York today for Europe, where he will remain for three months.

A postal card canvass taken in the five boroughs of Greater New York discloses that parents in overwhelming majority are in favor of teaching, what has been designated by critics as "frills and fads" to school children. The vote shows that physical training is most popular of the fads. Mutual training and music were also favored, while sewing was the least popular.

City Council.

The City Council was in session two hours last night, during which time considerable business was transacted. The appropriation bill for the fiscal year commencing June 1 was submitted and passed by the Common Council. An ordinance granting permission to the Norfolk and Washington Steamboat Company to move the ferry house at the foot of King street 39 feet farther north and to fill in the space upon which it now stands and pave it with vitrified brick was passed by a unanimous vote in each board. An ordinance prohibiting expectorating on sidewalks, public halls and cars was also passed. The other business transacted was of a routine nature.

BOARD OF ALDERMEN.

As soon as the board was called to order the action of the Aldermen at the last meeting in passing the license law was, on motion of Mr. W. H. Sweeney, reconsidered and the action of the Common Council in passing the same concurred in. This was rendered necessary by the present law under which an act levying taxes cannot be passed by both boards on the same night.

The ordinance prohibiting expectorating on sidewalks, in public halls and cars, laid over at the last meeting, was read and passed.

The report of the committee on general laws and streets on a resolution directing the Corporation Attorney to prepare an ordinance granting merchants permission to use a portion of sidewalks for the display of goods under certain conditions, was submitted by Mr. Fisher. The resolution was recommitted to the committees with instructions to bring in an ordinance in accordance with the resolution.

Mr. Hill submitted a communication from L. J. Maxwell, superintendent of the Western Union Telegraph Company, protesting against the tax of $100 on his company, which was referred to the finance and general laws committees.

A petition of Mr. H. Kirk for permission to erect certain frame additions to his residence on north Columbus street was received from the Common Council and their action non-concurred in, but the petition was granted provided adjoining property-owners urged no objection.

When the appropriation bill was received from the Common Council Mr. W. H. Sweeney called attention to the fact that it carried a larger amount than heretofore, and read the appropriations for several years past. Mr. Sweeney also read a list of the approximate amounts expected from different sources of revenue.

The Aldermen concurred in the action of the Common Council on all other papers sent in.

COMMON COUNCIL.

The board was late in assembling, but there was a large attendance.

The Mayor sent back the resolution for increasing the salary and emoluments of the fire chief, setting out that the resolution on the subject might be misunderstood.

On the motion of Mr. Williams all the papers were ordered to be sent to the Mayor with an explanation, which would clear up the matter.

An appropriation of $300 for the armory of the Alexandria Light Infantry was made, on a favorable report by the finance committee.

The annual appropriation bill was reported by the finance committee and agreed to, yeas 14 nays 0.

The appropriations differ in but few items from last year's; $500 additional is given the public schools. An appropriation is made to the use of the street committee amounting to $18,640 in addition to $8,500 for the Hooff's Run sewer.

The bill disclosed a gratifying state of affairs. Chairman Bryan stated that the yearly average of appropriations for the past fifteen years has been $102,545, but that this year, basing the estimates upon receipts amounting to $135,900 which he considers a conservative figure, his committee had submitted an appropriation bill calling for the expenditure of $129,600.

Mr. Bryan said the appropriation this year was greater than any previous appropriation made by the city. The additional needs showed how the city had expanded in all departments. The ordinance was passed.

Mr. Burke said that but for the unfortunate repeal of the 33d section of the charter there would now be available $60,000 for street improvements.

An the appropriation of $250 to cut flag stones from the stone at the canal, was agreed to as was $240 to continue the St. Asaph street sewer south to the line of the Second Presbyterian Church and $600 to improve Wolfe street from Lee to Union street.

Mr. Snowden stated in regard to the last appropriation, that it was made some time ago, but the work had never been carried out.

The public property committee reported in favor of an appropriation of $750 to repair and improve the station house and Mayor's office.

Some question occurred as to the effect of this report.

The chair understood that a new plan had been proposed by which the Mayor's office would be located in the west wing of the building adjoining the Council chamber.

The subject was postponed until a later hour and was then taken up.

Mr. Brill insisted on immediate action.

The City Engineer submitted the plans and Mr. Brill urged an appropriation according to the plans.

The chair held that there was nothing in the report on which action could be based and after debate the matter was recommitted for a report at the next meeting.

Mr. Brill asked what had been done with the proposal for the sale of the city land north of the canal for a pork packing establishment, and it was explained by Mr. Bryan that the committees had offered to sell the 1½ acres there at $1,250 an acre, but had received no counter offer from anyone.

Mr. Strauss called attention to the condition of the old Hydraulion engine house on Royal street, and said it was an eyesore to the neighborhood and a disgrace to the city. The roof would soon fall in.

Mr. Bryan said that the idea of the finance committee was to sell the building.

An ordinance to allow the Norfolk and Washington Steamboat Company to move the ferry house at the foot of King street thirty-nine feet to the north, fill the space now occupied by the house, and pave the wharf thus created with vitrified brick; add an office building, and construct a frame freight shed with metal roof, was presented by the committee on streets. When the ordinance had been read, Mr. Leadbeater presented a communication from Attorneys James R. and H. B. Caton, stating that they represented the owners of the adjoining wharf, and that the passage of the ordinance would result in serious damage to the property of their clients. They also complained of alleged unfair treatment on the part of the City Engineer, to whom they had appealed for an inspection of the proposed ordinance. They stated that Mr. Dunn informed them that the ordinance was not public property and refused to allow them to see it. They urged Council to take no action until they could have an opportunity to present their reasons for opposing the measure.

Mr. Leadbeater stated that Mr. Dunn had acted properly in refusing to exhibit the copy of the ordinance. He said it was the property of the ferry company, drawn by their attorney, and had never been submitted to Council. Mr. Leadbeater stated that the ordinance had been placed before the street committee by the attorney for the ferry company, and had been indorsed by every member of the committee, but that no one had a right to demand to see it before it had either been referred to a committee by Council or passed by that body. So far as any damage to adjacent property was concerned, he said, neither the city engineer nor the street committee could see how any one would be injured by the passage of the ordinance, and if any damage should result the city would be protected by the terms of the ordinance, and the Norfolk and Washington Steamboat Company is amply able to make compensation for any injury to property.

Mr. Williams stated that the ferry line is needed more than any other convenience at this time, and it struck him as odd that any Alexandrians should attempt to stand in the way of the project. He said the city should not refuse anything in reason, and urged the passage of the measure. During the debate it was stated that some one had an option on the wharf south of the ferry dock, but that this should not be allowed to interfere with Council's action in the matter.

Mr. Williams favored the immediate passage of the ordinance granting the privilege asked for, as an act of justice to the commercial interests of Alexandria.

The chair asked what rights the city possessed in the docks at the end of the streets.

Mr. Spinks made some further inquiries and Mr. Burke urged the passage of the ordinance.

Engineer Dunn said that the city streets have from the beginning, in theory, extended to the channel of the the river and that the city owned the docks and could dispose of them.

Mr. Williams thought that all difficulty was obviated by the fact that there was a repealing clause so that the matter would still be under the control of the city authorities.

The chair said that a three-fourths value would be required to pass the ordinance on the night of its introduction.

The ordinance was passed ayes 4 noes 0.

Council concurred with the Aldermen in reference to a proposal of State Senator L. H. Machen to secure an amendment of the State constitution as to street improvements; also on the ordinance to prevent expectorating on sidewalks, cars, &c.; also in reference to tax on the W. U. Telegraph Company. Also the ordinance authorizing ten special policemen to be paid by private parties was referred.

The ordinance providing a penalty for expectorating on sidewalks, in common carriers, or in public buildings becomes effective June 15, and imposes a fine of not less than $1 nor more than $10 for each offense.

An application of the fire companies, through the Wardens, for an extra man for general fire service, was referred to the committees on finance and public property.

Council also concurred with the Aldermen in referring an ordinance authorizing dealers to use three feet from the building line on streets for business purposes. When the paper came in Mr. Bryan urged that some action should be taken as to the height above the street as well as to horizontal extent.

The Aldermen's reference having been concurred in the board adjourned.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucuous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

BOARD OF ALDERMEN.

At a regular meeting of the Board of Aldermen of the city of Alexandria, Va., held May 23, 1905, there were present:

J. T. Sweeney, esq., President, and Messrs. Hill, Burke, Ballenger, Marbury, Fisher, Curtin and W. H. Sweeney.

An ordinance to prohibit expectorating or spitting on sidewalks, public buildings, or on cars or coaches owned or operated by common carriers in the city of Alexandria, laid over May 9, 1905, was read the second and third time and passed by a unanimous vote.

The action of the Aldermen in passing at the last meeting an ordinance imposing and collecting licenses on persons doing business in Alexandria was reconsidered, and the ordinance having been read three times passed by a unanimous vote.

Mr. Fisher, from the Committee on General Laws, submitted a favorable report on a resolution directing the Corporation Attorney to prepare an ordinance permitting the owners or occupants of stores to use three feet from the building lines for the display of goods under certain conditions. The resolution was recommitted with instructions to bring an act embodying the purpose of the resolution.

An act to appropriate a part of the city revenue for the fiscal year ending May 31, 1906, was received from the Common Council read the second time and laid over, according to law.

A communication from State Senator Machen in reference to a movement to secure an amendment to the State constitution restoring the thirty-third section of the city charter, under which property owners could be assessed for street improvements, was read and referred to the committee on streets and general laws.

Petition of H. Kirk to make a frame addition to his house on north Columbus street was received from the Common Council and their action non-concurred in, but the petition granted provided there was no objection on the part of adjoining property-owners.

Mr. Hill presented a communication from L. F. Maxwell, Superintendent of the Western Union Telegraph Company protesting against the license tax imposed upon his company, which was referred to the Committees on General Laws and Finance.

The following were received from the Common Council and their action concurred in by unanimous votes:

Report of the Committee on Streets on a resolution for the extension of the St. Asaph street sewer south to Prince street.

Report of the same committee on a resolution appropriating $250 for cutting flagstone from the canal basin.

Report of the same committee on a resolution appropriating $600 for the repair of Wolfe street, between Lee and Union.

Report of the Finance Committee on a petition of the Alexandria Light Infantry for an appropriation of $300.

Petition of the Fire Wardens for an additional paid member of the fire department.

Petition of the executive committee of the Columbia Fire Company for an additional appropriation of $800 for work at that engine house.

Suicide of a Woman.

The inmates of a house on north Lee street, conducted by Eva Baker, were startled about one o'clock this morning by the report of a pistol in a room occupied by Viola Burroughs, and when they repaired thither they found that the woman had shot herself through the right temple and that she was dying. A soldier named William Dobson, stationed at Fort Hunt, was with the woman at the time. Officers Roberts and Young repaired to the house a few minutes later and after hearing a statement from Dobson took him in charge and held him as a witness for the coroner's jury.

According to the soldier's version of the affair, the woman had been acting in a refractory manner for some time previous to shooting herself, and he had taken the pistol from her at one time when she announced her purpose to commit suicide. She later pointed the pistol at her head and pulled the trigger, but for some cause it snapped and was not discharge. The soldier had left the woman but a moment when he was startled by the discharge of the weapon, but supposed that the suicide had fired the pistol over her head, but when he turned and took hold of the woman he found blood on his hand, and upon further scrutiny saw that she had shot herself in the right temple.

By this time the other inmates of the house had gathered around the suicide and the police entered a few minutes later.

The woman died about fifteen minutes after shooting herself and later the remains were turned over to Mr. B. Wheatley for interment.

Violet Burroughs had had a notable career during the time she had lived in Alexandria. Two years ago, it will be remembered, she was knocked down and run over by a train in the Washington and Ohio R. Railroad yard and one of her legs was crushed. She was taken to the Alexandria Hospital where the limb was amputated. After having recovered she returned to north Lee street. Later she attempted to drown herself and on another occasion she endeavored to destroy herself by swallowing carbolic acid. She came here from Durham, N. C, and it is said that her correct name is Ella Griffith.

A coroner's jury was summoned to hold an inquest over the body at eleven o'clock this morning. Justice Julius Pelton conducted the inquest in the absence of Dr. Purvis, the Coroner. Mr. E. G. Brent, Commonwealth's Attorney, was present.

The following were the jurymen: Messrs J. H. Trimyer (foreman), J. Y. Williams, Edgar Warfield, jr., Robinson Moncure, Claude Lennon and W. W. Cline.

Officer Young was the first witness. He stated that the report of the shooting was made to the station house about one o'clock this morning, when he and Officer Roberts went to the house. He described the position the woman occupied on the bed, and said the pistol was in her right hand.

Dr. Gorman, who made an examination of the wound in the woman's head, described its nature to the jury. He exhibited a fragment of the bullet which split into two pieces when it entered the woman's skull. The doctor stated that the suicide died from cerebral hemorrhage.

Sergeant Macfarland and Corporal Booker, who were in the house at the time of the suicide, said the woman was alone in the room when she shot herself, Dobson having left her but a moment, and was on the way back to her room when the report of the pistol was heard. She had previously discharged the pistol from a window of the house.

Several women who inmates of the house testified to the same effect. All the witnesses averred that the Burroughs woman was drunk previous to the shooting, and had procured a pistol belonging to Eva Baker which she flourished and threatened to use.

Sergeant Dobson was the last witness called. He was told by Mr. Brent that being suspected of the shooting of Violet Burroughs, he was not required to make a statement. The sergeant said he would rather give his version of the affair. He described his relations with the woman previous to the shooting; said she had been drinking; had procurred the pistol from Eva Baker's wardrobe; had entered the front room and threatened to shoot any one who moved; that he had wrenched the weapon from her and extracted the cartridges; that the woman had at his solicitation placed the pistol where she found it, but had later recovered possession of it. Dobson said everybody in the house had attempted to quiet her, and after he had proceeded to an upper room with her she became so violent that he told her he would leave her. She took his hat to prevent him from carrying out his threat, and he had left the room without it, but concluded to return for his hat. On the way back he heard the report of the pistol and returned to the room occupied by the woman. He at first thought she had discharged the pistol in the air, but upon examination found blood oozing from the right side of her head. He with a companion later notified police headquarters of the occurrence.

The jury subsequently retired and returned a verdict to the effect that the deceased came to her death from a bullet wound in her right temple fired from a pistol with suicidal intent.

It was definitely ascertained today that Ella Griffith is the proper name of the suicide, her mother having written to Chief Webster, of the police force, concerning her some time ago.

Memorial Day.

Confederate Memorial Day will be appropriately celebrated in this city this evening between five and six o'clock when the programme heretofore published in the Gazette will be carried out. The exercises will be similar to those of former occasions. The oration of Maj. Holmes Conrad will be an interesting feature, as will also be the vocal music. The weather has been propitious, and everything points to an interesting celebration of one of Alexandria's most cherished anniversaries. This morning the graves of the Confederate dead in the cemeteries near the city were strewn with flowers and later the Confederate monument and mound were tastefully decorated. The exercises at the monument this evening will open with an invocation offered by Rev. Dr. F. J. Brooke of the Second Presbyterian Church, chaplain of the camp. There will be singing by the choir, after which Commander John M. Johnson of the camp will present the orator of the evening, Maj. Holmes Conrad, of Winchester. At the conclusion of Maj. Conrad's speech the procession will move to Christ Church yard, where the mound containing a number of Confederate dead will be strewn with flowers and a salute will be fired by the Alexandria Light Infantry.

The Electric Railway.

Some time was devoted by the corporation commission in Richmond yesterday to complaints against the Washington, Alexandria and Mount Vernon Railway in the matter of schedules, and the body now has under consideration its decision. In February last the commission sitting in this city issued an order requiring the railroad to maintain the schedules which were then in force, the same being regarded as reasonably satisfactory to the patrons of the line. Recently however, complaints were again filed with the commission that these schedules were not being kept up according to the order. It was specified that on April 24, which was Easter, two excursion trains were chartered to certain parties, and that by reason of this the schedule was thrown out of gear and the regular patrons put to great inconvenience. The commission heard brief testimony regarding these allegations after which there was argument by Mr. Gardner L. Boothe, representing the complainants, and by Mr. R. Walton Moore, for the company. The decision will be handed down later on.

Personal.

Mr. Charles B. Paff is in New York on business.

Mr. Jack Collins, of this city, left today for Canada, where he will visit relatives and friends.

The many friends in this city of Capt. K. Kemper will be pleased to learn that he has been re-elected Superintendent of Schools of Alexandria. He received the unanimous indorsement for the position from the City School Board, the City Council and all the teachers, while many representative men sent to the State Board of Education letters indorsing Captain Kemper for reappointment.

Mrs. Ella Brown, accompanied by her daughter Abbie, is in Richmond visiting her brother, Mr. Walter Davis, and other relatives on Randolph street.

Season Closes.

The fishing season at the Bryan's Point station of the United States fish commission, on the Maryland side of the river, below Fort Washington, closed Saturday and the hatching of the eggs of the shad by artificial means is over for the season. The shad propagating season at the Bryan's Point station was very unsatisfactory and the results obtained were poorer than for several years past. Owing to the scarcity of the shad in the Potomac throughout the season the station could not obtain anything like the quantity of eggs desired. As a consequence only about 24,000,000 shad were hatched, whereas the average season's work is about 40,000,000 eggs.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Frank Johnson, colored, arrested by Officers Smith and Gill charged with assaulting Fannie Knight, was dismissed.

A colored man charged with disorderly conduct, was fined $5. Another colored man, charged with a similar offense, was dismissed.

William A. Dobson, arrested in connection with the suicide of Violet Burroughs, was held.

Strawberry Carnival.

A strawberry carnival will be held Thursday and Friday, May 25 and 26, in the Methodist Protestant Church lecture room and lawn. This will be a unique entertainment. The lawn has been tastefully arranged and there will be amusements for all. The entrance will be through the church and all who attend are promised a pleasant evening.

LOCAL BREVITIES.

It was not Magnus L. Robinson, colored, of the Industrial School who was assaulted yesterday.

The weather was cool last night and people living on Seminary Hill say the temperature was near the point to cause frost.

The schooner Lulu M. Quillin, from Severn river with sand for the Old Dominion Glass Works, is at W. A. Smoot & Co's wharf.

Complaint is made of the foul odors arising from night soil which is delivered to be spread on the truck farms just south of this city.

Mr. Julian D. Knight has constructed a beautiful fence in front of Mr. G. L. Boothe's premises on Princess street, between Washington and Columbus.

Mr. John D. Biggs, senior member of the Dennis Simmons Lumber Company, died at Williamston, N. C., on Monday. The deceased had a number of acquaintances in this city.

A Disastrous Calamity.

It is a disastrous calamity when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs and cure headache, dizziness, colic, constipation, etc Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

A Good Suggestion.

Mrs. C. B. Wainwright of Lemon City, Fla., has written the manufactures that much better results are obtained from the use of Chamberlain's Colic, Cholera, and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by Gibson & Timberman and W. F. Creighton & Co.

A MEETING OF THE FRIENDSHIP VETERAN FIRE ASSOCIATION will be held in the engine house TONIGHT, May 24, at 8 o'clock.

News of the Day.

The President yesterday issued an order prohibiting the employment of convicts on work for the United States government.

Over 400 mules perished in a fire that yesterday destroyed the stables of Maxwell and Crouch and Spartz Brothers, near East St. Louis. The total loss is estimated at $100,000.

Dr. Albert H. Dickinson, a retired physician of Trappe, Talbot county, Md., who had lived for the past nine years in Baltimore, committed suicide yesterday by taking poison.

The General Assembly of the Presbyterian Church, at Winona Lake, Ind., yesterday voted down the proposition to substitute for the Westminster Confession a brief statement of faith, which was presented in the form of an overture by the Nassau (New York) Presbytery.

The Goldfield Nevada Bank and Trust Company, with liabilities amounting to $78,227, has failed. The assets, so far discovered, are $4,821, of which $4,800 is in notes. There was $16 in the vault and a $5 gold piece was found under the counter. The most disorganized state of affairs seems to exist in the books of the bank.

Virginia News.

Mrs. Carolyn Fahnestock died at her home in Warranton yesterday.

The cottage of Miss Clara Nelson, at Colonial Beach, was totally destroyed by fire Sunday night last.

Mrs. M. J. Puryear, of Stafford, died yesterday at the home of her son-in-law, John Ryan, near Tololuca, aged seventy-five years.

The election at Fredericksburg yesterday resulted in the defeat of the proposition to sell the city electric lighting plant and franchise.

Dr. J. L. De Jarnette died at his home, Lewiston, Spottsylvania county yesterday aged 75 years. He was former treasurer of the county.

Damage which will probably approximate $75,000 was wrought by fire last night in the big glass factory of Binswanger & Co., at the foot of Sixth street, Richmond.

Austin Johnson, colored, charged with criminal assault on Ruth Pinchbeck, a white girl, was arrested in Henrico county, yesterday, thoroughly identified by the girl, and sent to the grand jury.

In the Chancery Court of Richmond yesterday Lilburn Myers and B. B. Munford were appointed commissioners to sell at public auction on a day not named the Trigg shipyards in that city which have been idle for sometime.

James Talley, aged seventy-two, a prominent citizen of Spottsylvania county, died from heart disease Monday. Mr. Talley was a Confederate soldier, and was one of Jackson's guides in the flank movement at Chancellorsville.

The corporation commission yesterday chartered the Glen Burnie Farms, incorporated, of Warrenton, Va. The incorporators are J. T. Gwathmey, president, New York; A. B. Gwathmey, treasurer, New York; Grenville Gaines, secretary, Warrenton, Va The capital stock is $100,000.

John Altizer, a Norfolk and Western Railroad firemen, was shot and probably fatally wounded by Minnie Taylor in the latter's house, at Bluefield, Monday midnight. The pair quarreled about a watch that belonged to Altizer. The man is said to have chastised the woman, when she drew a revolver and fired two shots, one bullet penetrating the abdomen, the other taking effect in the left breast. The Taylor woman escaped, but was captured early yesterday.

Winson Davis, a student at Randolph-Macon College, arrived in Newport News, yesterday, to have a conference with his father, J. W. Davis, a prominent contractor, in regard to bringing an action of some kind against the principal of Jeter College. Young Davis was one of a number of cadets who were fired upon from the window of Jeter College early Sunday morning while they were serenading the young ladies of the school. The boy's face is covered with wounds made by No. 6 shot. Davis say that his crowd was serenading in an orderly manner when, without warning, a window was raised and a fusillade was begun. All the students want to prosecute the principal of Jeter College.

Board of Education.

The State Board of Education, which was in executive session in Richmond last night until a late hour, fixed noon today as the time for investigating allegations made by J. D. Eggleston, jr. that excessive charges are made for the teacher's register and for the warrant book.

Mr. Eggleston asserts that he has proof that the registers, which have for years been sold to teachers for 75 cents each, can be printed and a profit made for 20 cents each. The warrant books, which sell for from $1 to $2 each, can be furnished, according to his figures, for 9½ cents. Mr. Eggleston proposes to introduce evidence to show that some one at present identified with the department of public instruction has been for years connected with the sale of registers to teachers at an exorbitant figure.

The board re-elected the following superintendents: Alexandria city, K. Kemper; Augusta, E. O. Peale; Bedford, W. R. Abbott, jr.; Bland, D. H. Munsey; Buchanan, Thomas Belcher. James W. Lane, a new man, was elected superintendent of Charlotte.

A committee was appointed to revise the school laws so far as they relate to division superintendents.

Before the meeting of the State Board the members of that body were waited upon by Mr. Gardner L. Boothe, Mr. J. R. Caton and Major R. W. Hunter, who urged the reappointment of Capt. K. Kemper, as superintendent of schools of this city, and his reappointment was made unanimously.

A Land Without Ruins.

"Yes, give me the land where the ruins are spread,
And the living tread light on the hearts of the dead;
Yes, give me a land that is blest by the dust,
And bright with the deeds of the down-trodden just
Yes, give me the land where the battle's red blast
Has flashed to the future the fame of the past;
Yes, give me the land that hath legends and lays
That tell of the memories of long vanished days.
Yes, give a land that hath story and song
Enshrine the strife of the right with the wrong!
Yes, give me a land with a grave in each spot,
And names in the graves that shall not be forgot;
Yes, give me the land of the wreck and the tomb;
There is grandeur in graves—there is glory in gloom;
For out of the gloom future brightness is born,
As after the night comes the sunrise of morn.
And the graves of the dead with the grass overgrown
May yet form the footstool of liberty's throne,
And each single wreck in the war-path of might,
Shall yet be a rock in the temple of right."

Lunatic Soldiers and Sailors.

Forty-four lunatic Russian sailors and soldiers from Port Arthur, including a violently insane lieutenant, who was on the Savastopol during the siege, arrived at Chefoo yesterday and were immediately transferred to the Russian improvised hospital ship Whampol, under the British flag, for transportation direct to Odessa.

The condition of the insane men varies from a mild melancholia to the violent stage. The majority are suffering from halucinations rendering them in a condition that demands an attendant for each one. The officers in charge state that many of these cases are the result of the long incarceration of sick men in hospitals during the terror of the siege. Some cases are the result of scurvy, and the condition of others is due to the terrific nervous strain of continued bombardments and incessant service. All cases are apparently physical wrecks. The scene was extremely pathetic as the chattering imbeciles mounted to the decks of the steamer and entered cages which inclosed the main hatches and surrounding deck space provided for their liberty and comfort during the passage through topical zones.

WEDNESDAY EVENING, MAY 23, 1905.

Publication Debarred.

A mild sensation was caused in school circles in Washington yesterday when it became known that an official order had been issued by Mr. Alexander T. Stuart, Superintendent of the Public Schools of Washington, prohibiting the circulation in the schools there of the May number of "Our Dumb Animals," a publication issued in Boston, because the editor had attacked President Roosevelt for killing wild game on his recent hunting trip. The publication has of late been distributed to the school children of Washington gratuitously by the Washington Humane Society. In the current issue there are several articles criticising the President, one in particular being regarded as violent by the public school authorities, because it urges upon the pupils of the schools not to emulate the example set by the President in killing animals at this time of the year, when most of them are bearing young. It went even further and declared that the President should not slay any wild beast, calling the Chief Executive severely to task for setting such a deplorable example for the young of the land to follow.

Secretary Hay Cured.

The dilation of Secretary Hay's heart, the functional disorder for which he went to Bad Nauheim, Germany, to be treated, has, according to Prof. Groedel, entirely disappeared. The professor pronounces Mr. Hay a well man. The latter will return to work with revived interest. He has no intention, it is said, of retiring, and looks forward to years of public activity.

Ambassador Tower called on Chancellor von Buelow Monday evening with a message to the chancellor from Secretary Hay, who regretted that he found himself unable to come to Berlin. The chancellor sent his best wishes for Secretary Hay's recovery.

Secretary Hay will arrive in Paris next Monday for a stay of two days. Arrangements have been made for him to meet Foreign Minister Delcasse. This is likely to arouse considerable speculation, but Mr. Hay's only purpose is to make a call of courtesy upon M. Delcasse. The reception of Mr. Hay would have assumed a notable character at the Elysee and foreign office had the Secretary not requested the avoidance of official and social functions.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

Hot Weather Piles.

Persons afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make Piles more painful and dangerous DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of E. C. DeWitt & Co.

How to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Gibson and Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain; cures wind colic and is the best remedy for Diarrhœa. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.
Grind your LION COFFEE rather fine. Use ½a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS { Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)
(Lion-head on every package.)
(Save these Lion-heads for valuable premiums.)
